

Sharp Group Service Offering

SKIPS

- Wait and Load services are ideal in certain circumstances. Our driver pulls up, drops your skip and waits with you for up to 1 hour, all included in the price.
- Same Day Pickup is offered to those projects that require the skip for just 1 day. We arrive early in the morning and re-visit later that same-day when you tell us you are finished.

Sizes

- 2 Yard Skip
- 4 Yard Skip
- 6 Yard Skip
(Open/Enclosed)
- 8 Yard Skip
(Open/Enclosed)

- Wood

GRAB

Waste Streams

- Metals
- Garden Waste
- C & D
- Cardboard
- General Waste
- Wood

Grab Loaders save labour time by using a 20ft crane to lift waste off-site for you. Not only is it fast, it's competitively priced too and may save you money.

Our experienced team of drivers bring a fully FORS Silver compliant vehicle to you and await your instructions on which type of waste to grab. The most common types are either 'soil and rubble' or 'mixed rubbish'.

TIPPERS

Our 8 Wheel, 20 tonne capacity, FORS Silver compliant tippers are ideal for transporting aggregates, inert waste and general mixed rubbish from A to B. Our vehicles are free to enter the London Congestion and Low Emission Zone and have been involved in prestigious projects such as Crossrail Sites and the London Stadium.

Waste Streams

- Type 1 granite
- Type 1 crushed concrete
- Crushed concrete 75mm
- Premium top soil
- Sharp sand
- Builder's sand
- Concrete sand
- Shingle 20mm
- Shingle 10mm
- Ballast 20mm

Wheelie Bins

Waste Streams

- General Waste
- Dry Mixed Recycling
- Food Waste
- Plasterboard
- Glass

When space is limited, Wheelie bins are a great solution. We offer 240 Litre, 660 Litre and 1100 Litre Wheelie Bins which can be filled with all waste streams.

Cage Vehicle

Our caged vans hold 8 cubic metres (10 cubic yards) of general waste and can carry approx. 1 tonne of Rubbish. Our driver will arrive and wait for up to 1 hour while you load.

They are ideal for sites where a skip cannot be placed and we can often arrive onsite within a few hours of an order being placed with our office.

Waste Streams

- General Waste
- Furniture
- Dry Mixed Recycling
- Wood
